

Daydots™ Tamper-Evident Labels

Delivery is a fast-growing trend that can help you grow your business. But it does introduce a new set of challenges, including assuring that delivery customers are receiving the same safe food that they would while dining in your restaurant.

Daydots Tamper-Evident labels put you and your customers at ease. When your customers see the intact tamper-evident label, they know that you care enough to make sure that the food they are about to enjoy is exactly as you prepared it - delicious and safe.

Daydots™ Tamper Evident Labels

Secure Virtually Any Food Delivery Container

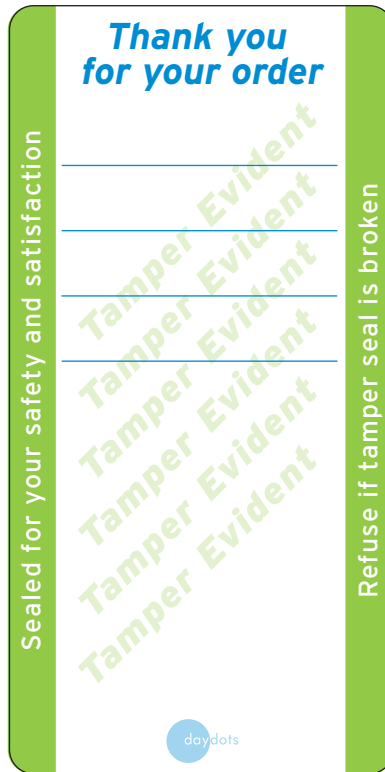

Daydots Tamper-Evident Labels quickly and securely adhere to most food delivery containers.

The labels tear easily but cannot be completely removed from the container. **Residual material indicates clearly that the container has been opened.**

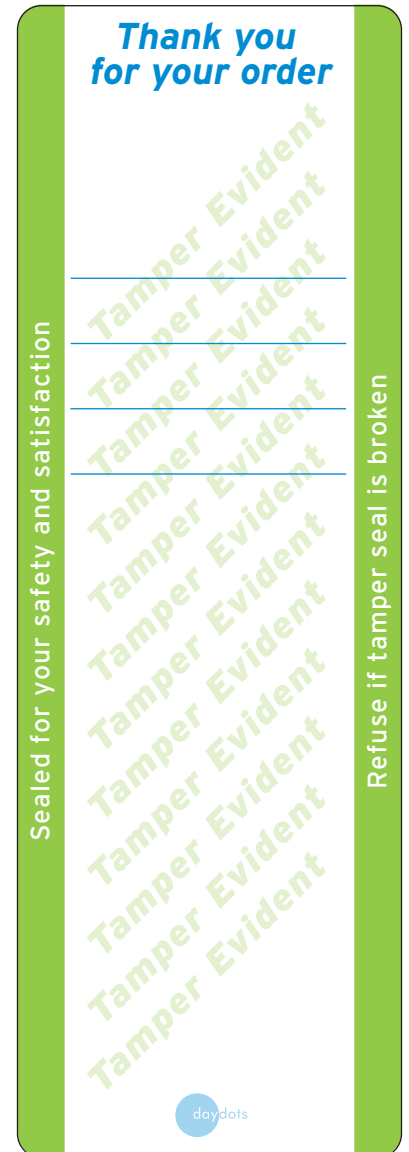

An intact label assures your customer that **the container has not been opened.**
